Student – Project Office Co-op

(May 2026- Aug 2026)
Research Division
Summer 2026

About Us

SNOLAB is Canada's deep-underground science laboratory, located 2 km below ground in Vale's Creighton Mine near Sudbury, Ontario. We support world-class research in astroparticle physics, life sciences, and quantum technologies within a clean, controlled environment.

Our multidisciplinary team delivers advanced underground experiments while providing students with hands-on experience in a unique scientific facility that contributes to Canada's research leadership.

The Position

This co-op position supports the Project Management Office Manager and assists with construction and commissioning projects in the surface and underground laboratory. Responsibilities include reviewing drawings and plans, supporting installation and testing of systems, participating in underground field inspections, and helping troubleshoot project issues. The role also provides project coordination support, including assisting with scheduling, documentation, vendor communication, and tracking project activities. The position works closely with SNOLAB Project Managers and the PMO team, which provides project management, coordination, and reporting support to the facility and hosted experiments.
Education:

Must be 18 years or older, registered in post-secondary Bachelor of Engineering or Applied Science at an accredited institution, recent graduate (having graduated in the last 3-6 months) or individual returning to full-time or part-time studies in the next academic term.

Experience:

Experience in the following items would be considered an asset:

- o Project-related support including purchasing, ordering, shipping/logistics, invoicing, and vendor coordination
- o Ability to read P&IDs, drawings, and SOPs
- o Hands-on experience with piping systems and basic equipment setup/commissioning
- o Knowledge of safety, quality, and regulatory requirements

Salary Range: $20.00 to $25.16 per hour

To Apply

Applications must be submitted to Mehwish Obaid, mobaid@snolab.ca. If you wish to do so, you can send it to studentjobs@snolab.ca as well: it will be added to a pool seen by other Research Scientists/Managers and could be selected for other jobs. The application will include a cover letter and resume in a single PDF file with the name: "<Name>_EngStudent_<AcademicYear>_<HomeInstitution>.pdf"

Please do not fax or mail your applications.

Closing Date: February 23rd, 2026

Application will be accepted until 11:59 P.M eastern Time.

The posting will remain open until the position is filled, but review of applications will commence after February 23rd , 2026. SNOLAB thanks all applicants for their interest, however, only those students considered for an interview will be contacted.

SNOLAB is committed to equity in employment and encourage applications from all qualified applicants, including women, Indigenous persons, members of visible minorities and persons with disabilities. In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents.

SNOLAB will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs.

Further information about SNOLAB may be found at www.snolab.ca

Posting Date: February 9, 2026
